GRACE: We are God's Workmanship

Scripture: Ephesians 2:4-10

What does God want us to know? You are God's work of art. Your life is not your project. It is God's project. You will only know the work he has prepared for you to do by staying connected to him.

What does God want us to do? Embrace the idea that life is God's masterpiece; seek guidance through faith for discovering God's plans

What does God want us to feel? A sense of purpose and direction by acknowledging life as God's project.

Ephesians tells us that we are God's workmanship. We are his project and we can grow by his grace into who he has created us to be if we persevere in our relationship with him. **Living out our faith and remaining committed to it means recognizing that we must persevere so that we will do the good works God has created us to do.** Without living in our faith, we will not discover what God has prepared in advance for us to do.
